

# Detroit

*Vision and Mission Journey*  
April 26-28

## Overview

Come experience church planting in Motor City USA. Though church buildings can be seen throughout the city, many that once housed some of the great Gospel voices in the country now sit virtually empty on Sunday mornings. Detroit is in need of Gospel saturation once again. Evangelicals make up only 10.4 percent of the population. With only one Southern Baptist Convention (SBC) church for every 31,727 people, it's one of the most underserved cities in North America. With few local Baptists to help, Send North America: Detroit needs outside churches to provide prayer, people, and resources for its efforts to push back lostness in Motown and the suburbs that surround it.
