

# ALASKA MISSION TEAM

Alaska is 2 ½ times larger than Texas. If Alaska was split in half Texas would be the third largest state. The 49th state is so large in land mass it could contain 21 of the smallest states in the lower 48! The population of Alaska is 737,438 people. Of the 113 Baptist churches only 1 has over 500 members and most, 58 of them have under 50 members.

SC Baptists have an opportunity to explore opportunities of church-to-church partnership in the Kenai region of Alaska with the Alaska Baptist Resource Network.
