**\*\* DETAILS & INFO \*\***

**“CADRE”** - Cadre is a Latin term for “a group of people specifically trained for a purpose.” The term “small group” just seemed a bit lame for the more glorious purpose of these groups. Through the weekend, Cadres will meet up for discussion, debrief and practice.

**“PLAYFAIR”** - How do you get to know over a hundred people in under an hour? You’ll see at Play Fair.

**“SUMMIT BREAKOUTS”** - Students will get to choose between several breakout discussion topics that peak their interest. We will talk about everything from relationships to theology, and from ministry to missions. We’ve recruited some great experts and practitioners for these important sessions.

**“EV TRAINING”** - Fear usually springs from the unknown. We often don’t share our faith because we don’t know how. In three sessions, we will give you the tools you need to feel confident about sharing the Gospel with anyone. It all concludes with a huge practice session called “Evangelism Explosion.”

**“MISSION CAROWINDS”** - On New Years Eve, we will take everyone to Carowinds to ring in the New Year! Except, we aren’t going for the rides and games... (although we certainly will partake!) We are going on a mission to share Jesus with as many people as we can. Using our EV Training, we engage everyone we meet with the truth of Christ. The goal is not the ride... the goal is the line. How many times can we share Jesus before the clock strikes Midnight?!
