

Lesson One - One Mission

1 Corinthians 16:1-4

Churches Working Together on One Mission

Teacher/Leader Instructions:

Welcome to the Give+Go Bible study series. Each of the four lessons will begin with a few comments and instructions just for the teacher/leader. The goal is to make each of the lessons very user friendly.

Each lesson will have the same resources:

- Teacher/Leader instructions
- Outline of the lesson (including a brief outline of the video introduction)
- Full written version of the lesson
- Additional Discussion Questions

(Additional resources will be available on the Give+Go webpage.)

As the leader/teacher, it is important to become familiar with the video introduction for each of the four lessons. This is especially true for the first lesson. There are several South Carolina stories introduced in the Lesson One Video Introduction that are highlighted in the remaining lessons. ***Please watch each video introduction several times to ensure familiarity with the reoccurring stories.***

It is also essential that each of the introductions can be shown to your group. They are available to be played from the webpage or can be downloaded for play from a local computer. There are three versions of each introduction. (One for children, another for students, and an adult version.) Make sure the correct age-specific introduction is presented to your group. As the leader you are welcome to view all three introductions, using the different approaches to the same material as teaching illustrations.

For those that like to teach from an outline, one is provided. Please feel free to adapt these outlines to fit your teaching style. Each outline matches the flow of the full, written version of the lesson.

In addition to the questions listed in each lesson, there are additional questions found at the end of each teaching outline. Do not try and cover every question provided. The extra questions are offered as a resource for the leader. Pick the questions that work best for your group and teaching style. Having one or two extra questions ready is always a good idea.

Several of the questions will ask for numbers or specific information about South Carolina and Southern Baptist ministry efforts. Answers for these questions are provided. (In italics after the question.) These questions will help your group understand how they are part of something much larger than your church. Lesson Two includes a "Did You Know" section with lots of South Carolina, national, and international stats.

A sample timeline for Lesson One is:

- Opening Prayer - 3 minutes
- Video Introduction - 10 minutes
- Lesson - 20 minutes
- Discussion - 25 minutes
- Closing Prayer - 2 minutes

Enjoy the Give+Go series. We are praying for you and your group.
